Re: United States v. Yunseo Lee, et al
Case No.: 20-cr-648 (ALC)
Unopposed Request to Modify Conditions of Release

Dear Judge Carter:

We are the attorneys for defendant Yunseo Lee in the above-referenced matter and hereby submit this letter request to modify the terms and conditions of her release with the removal of the GPS electronic monitoring, as fully set forth below.

Ms. Lee was arrested and arraigned on August 6, 2020, on a complaint alleging that she violated U.S. export control laws while employed as a sales clerk at a New Jersey electronic components company. She is currently released on a \$200,000 PRB bond, with no co-signer, GPS electronic monitoring, travel restrictions, surrender of her passport, and other standard conditions of release. During the pendency of her case, Ms. Lee has been in full compliance with the terms and conditions of her release.

On December 1, 2020, Ms. Lee was indicted with her co-defendant on similar charges and the matter is pending discovery and potential plea negotiations. The matter is adjourned to August 31, 2021 for the parties' submission of a joint status letter.

We have conferred with the government regarding our request and the government has no objection to the removal of the GPS monitoring, subject to two moral suasion co-signors to the bond and both co-signors have been vetted by the government and found to be acceptable.
